White (9910) / Anthracite (7016)

Anthracite (7016) / White (9910)

## Aluminium windows that are affordable and built to last

Aluminium is becoming the material of choice for windows in homes across the country and one look at our Ali VU windows tells you why.

Sleeker than PVCu and easier to maintain than timber, the natural strength of aluminium means larger spans of glazing can be supported in much slimmer frames.

Offering a wide range of benefits and design options, Ali VU is perfectly at home in both new and period properties.

#### About our Ali VU Profile

-  1.4 to 1.8 U-Values
-  Flush and Flat sashes
-  Externally beaded
-  Glazing options 28mm\* to 44mm
-  Standard colours  
RAL 9910 White / RAL 7016 Grey \*
