

Our sky light comes with embedded into a sheet of our fibre cement sheets making it super easy to install and also saves you time when having to cut out the hole where the skylight would go.

It provides a generous light into the building and also serves as an exit hatch to the roof area.

TECHNICAL DRAWING

All measurements in this technical drawing are in millimetres (mm)

SIZES

At Tubex, we manufacture a collection of fibre cement products, however if we do not have the size you are requiring for your project, then we will be able to provide you with a specialist quotation to best suit your projects needs.

Sheet Length	Dry Weight	Measurements (units)		
		ft	in	m
1520 mm	24 kg	5	60	1.62
