

Executing responsible digital growth and talent ecosystems effectively

InsurTech Insights Global Networking Event,
14th March 2022

InsurTech Insights has partnered with global talent consultancy Sheffield Haworth, venture lab Alchemy Crew, and gig economy InsurTech Tapoly to present a series of expert panel discussions on the challenges and opportunities for driving growth and innovation in our industry.

You'll gain a breadth of insights from successful business leaders in the InsurTech space, the insurance space, and the VC world as they discuss how they are leveraging talent, diversity, and new digital strategies to gain an unfair competitive advantage.

You'll also get to network with a select group of InsurTech leaders, investors, and insurance innovators with drinks and canapes at the grade one listed Tapestry Room at the NED, one of the City of London's most prestigious venues.

Venue:

The Tapestry Room at the prestigious NED

Discussion one: Building global digital ecosystems: views and insights from global leaders

In a world that is highly interconnected and digitised, digital ecosystems are becoming the Kings (or Queens) to drive differentiation. Insurers, brokers, InsurTechs, investors and market players within adjacent sectors have realised the huge opportunity that now exists to collaborate when developing highly personalised, touchless and differentiated experiences for the mobile consumer. In this discussion, global experts share their insights on why digital ecosystems are the new state of play to speed multi-country expansions, and how the industry can best leverage these ecosystems to deliver sustainable returns for their stakeholders.

Time: 6:45pm - 7:10pm

Moderator: Sabine VanderLinden, Co-founder, CEO and Managing Partner, Alchemy Crew, advisor and board member, and co-editor of The INSURTECH Book.

Discussion two: Responsible investing: Building diversity, equity and inclusion within the startup business

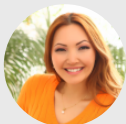

Diversity, equity and inclusion (DEI) are not just moral imperatives, they have a direct impact on growth. Diversity reduces group think and makes firms more innovative and competitive. Consumers, investors and venture partners also increasingly look to diversity, equity and inclusion when deciding where to put their money. In this discussion, we get the views of corporate venture firms and institutional investors on the diversity agenda and how this will impact Insurance globally.

Time: 7:10pm - 7:35pm

Moderator: Janthana Kaenprakhamroy, CEO, Tapoly UK, Top 10 InsurTech Female Influencer, and one of the Top 50 Most Influential Women in Tech 2021.

Discussion three: Attracting and retaining the best talent to drive growth

We believe that growth is impossible without the right talent. At the same time, the skills and behaviours your leaders need for success is continually evolving. In this discussion, we speak with business leaders from the worlds of InsurTech, insurance and investment who have all developed cultures that attract, nurture and develop exceptional people. We will explore some of the most effective ways to engage, support, and retain talent for the appropriate tenure to help you hit even the most ambitious business goals.

Time: 7:35pm - 8:00pm

Moderator: Ben Johnson, Managing Director - Global Head of Insurance & InsurTech at Sheffield Haworth, Senior Advisory Board member at LINK, the LGBTQ+ Insurance Network, and AESC award winner 2021.
