FORIS

Fiorito

The collection elements recall through their geometries the windows of the city buildings facades and reproduce them through a clean and minimal metallic profile.

Stile Fiorito evokes the trefoil windows typical of a later historical period.

Finishing

Anthracite gray

Gold leaf

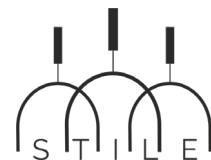

FORIS

Gotico

The collection elements recall through their geometries the windows of the city buildings facades and reproduce them through a clean and minimal metallic profile.

Stile Gotico, with its peaked arches, is a witness to the cultural contamination of Venice with the Orient.

Stile Gotico

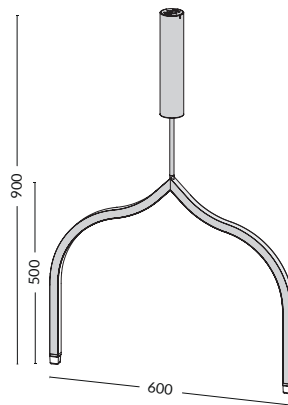

Finishing

Anthracite gray

Gold leaf

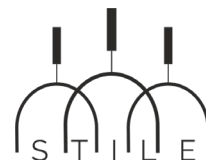

FORIS

Veneziano

The collection elements recall through their geometries the windows of the city buildings facades and reproduce them through a clean and minimal metallic profile.

Stile Veneziano is inspired by the rounded-arch windows from the 1200s.

Stile Veneziano

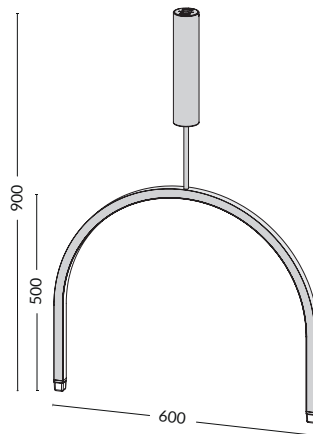

Finishing

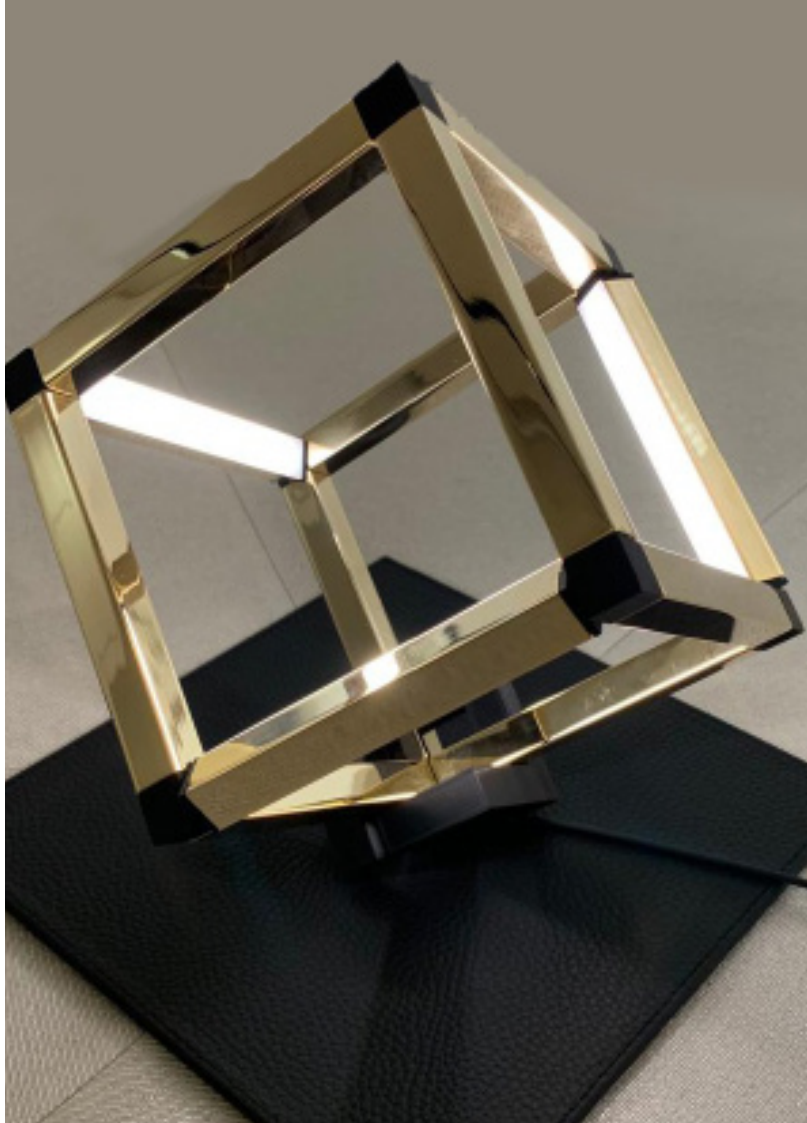

Anthracite gray

Gold leaf

FORIS

Dado

A modern cube-shaped lamp. The design of the lamp is enriched by the integrated dimmable LED source and by the luminous profiles that can be rotated at will.
